

Ripon Grammar School

Budget Management Policy (incorporating Personnel)

November 2023

AIMS:

It is the aim of the Governing Board to ensure that all financial resources made available to the school are used in an efficient and effective manner in order to ensure that Value for Money is achieved. The aim of this policy is to create a framework within which individual members of the school staff and the Governing Board can achieve this.

This policy conforms to the requirements of the Local Management for Schools (LMS) Scheme for the Financing of Schools (hereafter referred to as the LMS Scheme) as set out by the Department for Education (DfE) and the North Yorkshire Council LMS Financial and Contract Procedure Rules (hereafter referred to as the LMS Procedure Rules). The framework within this policy should be operated in conjunction with both the LMS Scheme and the LMS Procedure Rules. It is based on the County Council's recommended model.

GUIDELINES:

Financial decisions will be made after consideration of:

- a) the needs of the students and staff of the school
- b) the conditions and requirements as laid down in the LMS scheme
- c) the need to support and deliver the Curriculum
- d) the financial resources delegated to the school
- e) the priorities as identified in the costed strategic development plan

ORGANISATION OF RESPONSIBILITY AND ACCOUNTABILITY

ROLES AND RESPONSIBILITIES

1. The Governing Board

The Governing Board has a statutory responsibility to oversee the financial management of the school and to ensure adherence to the LMS Procedure Rules.

The Governing Board recognises the importance of clearly defining the roles and responsibilities of its committees, the Headteacher and other staff.

2. Finance and Personnel Committee

Consisting of members of the Governing Board and the Senior Leadership Team, the Finance and Personnel Committee will work to the agreed Terms of Reference as set out at Annex A.

The Finance and Personnel Committee will meet at least once a term to consider, as a minimum, the following:

- a) financial monitoring statements,
- b) the school's budget and long term financial forecast,
- c) the end of financial year outturn statement, and
- d) the annual completion and submission of the Schools Financial Value Standard (SFVS).

The Finance and Personnel Committee will submit a brief summary report to the full Governing Board at least once per term.

3. The Headteacher

The Headteacher is responsible for:

- a) the detailed preparation of an annual school budget which addresses the strategic aims and targets established by the Governing Board
- b) the day to day management of the school budget under the Scheme of Delegation as set out at Annex B and approved by the Governing Board
- c) ensuring the effective operation of the finance function within the school, to include:
 - i. the roles of each member of staff being clearly defined and the duties of staff with responsibility for financial transactions being, as far as is practicable, distributed to ensure that key tasks such as the processing of orders and invoices, are assigned to separate members of staff (segregation of duties) and that appropriate systems of internal check exist
 - ii. the adherence to the LMS Procedure Rules
 - iii. the establishment of systems to ensure that financial control is maintained at all times including procedures in the absence of key staff
 - iv. the maintenance of appropriate documentation and transactional records

4. The Director of Strategic Operations (DSO)

The DSO is responsible for:

- a) The preparation of any Capital Expenditure components of the School Budget (as outlined in Section 11 below)
- b) The budgetary implications of any planned / anticipated changes (including retendering / renegotiating) to any major contractual / 3rd party service providers with a current annual budget in excess of [£20,000].
- c) The budgetary implications associated with the Lettings income assumptions included within the School Budget.
- d) Assisting the Headmaster in materially contributing to the inputs / assumptions – especially for Capital Expenditure, energy usage and Lettings and other areas of targeted commercial / financial efficiencies – for the long term forecast.

5. The Bursar

The Bursar is responsible for:

- a) the preparation of the school's annual budget and longer term spending plans
- b) the maintenance of computerised records of income and expenditure in line with the DfE recommendations for Consistent Financial Reporting
- c) the checking and reconciliation of the school's financial records to monthly tabulations provided by the Local Authority and to monthly bank statements
- d) the undertaking of monitoring procedures and the production of regular monitoring statements for the Headteacher and the Finance and Personnel Committee.

PROCEDURES

All documentation of accounts and finances will be kept in accordance with advice from the Local Authority.

Procedures for keeping accounts will be in accordance with the LMS Procedure Rules.

A copy of the school's most recent auditor's report will be available for inspection by Governors, OFSTED Inspectors and Officers of the Local Authority.

PECUNIARY AND OTHER BUSINESS INTERESTS

Governors and staff of the school will be required to complete a Register of Business Interests and declare any links they or any member of their immediate family have with any firm from which the school may wish to buy goods or services. The basic principle to be followed is that any interest should be recorded which could be seen to improperly influence any decisions taken, pecuniary or otherwise, regarding the operation of the school.

The Register will be:

- a) annually reviewed
- b) maintained for any in-year changes as notified
- c) made available for inspection by Governors, staff, parents and the Local Authority.

The school ensures there are adequate arrangements in place to manage related party transactions, as detailed in the Schools Financial Value Standard (SFVS). A related party transaction is one where a contract is awarded to a person or body that has close links to the person awarding the contract. In

these circumstances effective systems will be implemented to ensure that open and transparent procedures are followed, and any potential conflicts of interest are adequately and appropriately managed. The school will submit a termly Related Party Transaction template to the Local Authority. In addition, a full year submission is also required, covering the period 1st April to 31st March, to be returned as part of the SFVS submission.

BUDGET

1. Aims and Objectives

The Finance and Personnel Committee together with the Headteacher will consider and provide costing information both for maintaining the required level of educational provision as well as proposals to develop the short, medium and long term aims and objectives as identified in the School Development Plan.

Such consideration will include the determination of an appropriate level of general contingency and the formulation of a policy for the application of any balances in excess of the agreed target for general contingencies on the development proposals within the School Development Plan.

It is recognised that finite resources will lead to a need to prioritise proposals and to accelerate/delay spending plans as circumstances change.

2. Budget Timetable

The Headteacher (or the delegated representative) will prepare financial information for consideration by the Finance and Personnel Committee and submit it to the Local Authority, where applicable, in line with the following timetable:

Date	Action / Response
Mid February	S251 budget resource allocation for the next financial year received from the Local Authority
Spring term	Prepare papers on issues to be <u>addressed</u> in preparation for the setting of the following year's budget. Specifically, this will include a Capital Expenditure Schedule listing the various potential projects, their relative significance, and a brief cost / benefit analysis of each potential project. This will form the basis of discussion with Governors and for determining any ranking of projects to commit to should funds be limited.
By March 31 st	Prepare and submit a Schools Financial Value Standard (SFVS) return, together with a copy of the relevant minute of the Governing Board or Committee at which it was approved
March / April	Prepare and present to the Governing Board the proposed start budget for the next financial year and the long term financial forecast

May	Prepare and present outturn statements to enable the Governing Board to consider the financial performance in the previous financial year
May	Prepare and submit a Consistent Financial Report return detailing the income and expenditure from the previous financial year (to be used for future benchmarking purposes) to the Local Authority
By June 1 st	Submit the approved start budget to the Local Authority
Autumn term	Prepare and present to the Governing Board the revised budget and updated long term financial forecast , reflecting any staffing changes or updated spending plans, or changes to pupil numbers
By December 31 st	Submit the approved revised budget to the Local Authority

The Governing Board will not submit a deficit budget unless there are exceptional circumstances and advice and written agreement have been received from representatives of the Local Authority bearing in mind that deficits require the prior approval of the Corporate Director – Strategic Resources and the Corporate Director – Children and Young People’s Service.

Budget monitoring reports will be considered by the Finance and Personnel Committee at least once a term with a brief report to the Full Governing Board. Reports will reflect both sums paid and sums committed but not yet paid and estimated expenditure and income for the remainder of the financial year against approved budget headings and will be reconciled to the Local Authority’s ORACLE statements and school bank statements.

3. Efficiency & Value for Money

The School will seek to achieve efficiencies and value for money to optimise the use of its financial resources and to invest in teaching and learning. It is the responsibility of the Headteacher and Governing Board to determine at school level how to secure better value for money.

4. Financial Benchmarking

The Headteacher (or representative) will prepare for consideration by the Finance and Personnel Committee financial benchmarking comparisons annually. The benchmarking data will be extracted for similar schools from either the local financial benchmarking database for North Yorkshire schools or the national DfE financial benchmarking database. The conclusions and recommendations resulting from this process will be used to inform the financial planning and resource allocation process.

5. Review of Contracts for Services

The Finance and Personnel Committee will review the quality, cost and impacts of services purchased from external providers (including the Local Authority) on a regular basis **and** before contracts are renewed. To assist in this process the Headteacher (or representative) will prepare a schedule of service contracts to include values and renewal dates in order that

priorities for review can be determined. After each review the Finance and Personnel Committee will make recommendations to the Governing Board.

6. Standards of Financial Management

The Governing Board will have regard to any Standards of Financial Management endorsed by the DfE to self-evaluate the quality of financial management processes and to aid in training staff to become better financial managers.

7. Level of Balances

The Finance and Personnel Committee will annually review the balances situation of the school and make recommendations to the Governing Board. In making its recommendations, the Finance and Personnel Committee will indicate an optimum level of balances which has regard to the specific issues facing the school whilst acknowledging that financial resources are allocated to schools annually on the number of pupils in the school at that time.

The Finance and Personnel Committee will have regard to any balance limits placed on schools by the Local Authority and DfE.

8. Virement Procedures

Unless the level of change does not warrant it the budget will be revised each Autumn Term and the Finance and Personnel Committee will be able to vire funds between budget headings within the school's overall budget (with the exception of any earmarked funds) or from unallocated resources as appropriate.

Requests by the Headteacher for the further virement of funds outside the scope of the Scheme of Delegation to the Headteacher will also be considered by the Finance and Personnel Committee and be subject to their minuted approval.

9. Quality of Information

Governors expect that the financial information they receive will be relevant, timely, reliable and understandable.

10. Extended Activities

The Governing Board will discuss, decide and minute their intention to use school budget funding to support the provision of extended school activities.

The following extended school activities are provided by the school:

The co-curricular programme of lunchtime and after-school activities and additional evening and weekend activities for boarders.

Lettings of various facilities in accordance with the school's letting policy and charges. These lettings are to generate additional income and also for the benefit of the school, its students and to ensure good links with local and wider community.

11. Capital Expenditure

There are two sources of funding for the School's Capital Expenditure requirements:

- a) Internally generated surpluses – largely derived time to time from the School's Boarding and Lettings proposition. In these circumstances approval for each Capital

expenditure Project over £10,000 will require the specific approval of the Governing Board after receiving recommendations from The Finance and Personnel Committee.

- b) Local Authority (NYC) funding - The Finance and Personnel Committee will give consideration to the use of the devolved capital allocations available to the school in the light of the priorities identified in the School Development Plan and then make recommendations to the Governing Board. The School will submit a Project Proposal Form in order to seek the Local Authority's consent for any proposed building work, irrespective of the funding source, as per the LMS Procedure Rules.

12. Documentation and Retention of Records

All financial systems and procedures carried out will be in accordance with the Local Authority's LMS Procedure Rules, Scheme of Delegation to the Headteacher and the School Finance Manual. A copy of these documents will be readily available and kept up to date.

All records will be retained in line with the Local Authority's Records Retention and Destruction Schedule for Schools.

13. Purchasing

Before any purchase is made, consideration will be given to any potential economies of scale to be had through use of Local Authority negotiated corporate contracts.

Information available from the North Yorkshire Procurement Service for Schools will be given due consideration.

Where possible the school will consider a Department for Education approved framework when purchasing goods or services. The framework details quality-checked suppliers, encouraging value for money and complying with buying procedures and procurement law. This service replaces 'Deals for Schools.'

Consideration will be given to obtaining quotations for all purchases in order to ensure that Value for Money is achieved. Where bids are not invited a Best Value Form will be completed. Contracts valued at £20,834 or more (exclusive of VAT) must be published to Contracts Finder.

Where a single purchase of more than £25,000 for Goods and Services, Works or Social and other specific services is involved, further advice will be sought from procurement to ensure that LMS Procedure is followed.

The Governing Board requires that staff will follow official ordering procedures at all times and written or digital pre-numbered orders will be used. Verbal orders will be followed up by a written/digital confirmatory order. Individuals must not use official orders to obtain goods and services for their private use. All official orders will be recorded on the school's computerised financial system. Orders made on-line should also be followed by an official order.

When making purchases, staff **must** adhere to the LMS Procedure Rules.

14. Purchasing Cards

The Governing Board will follow the Local Authority policy and procedures for the use of purchasing cards. Cards must only be used to procure goods and services on behalf of the school. They must not be used to obtain cash or for personal transactions.

15. Procedures and Security

The school will make use of a computerised financial monitoring package approved and supported by the Local Authority.

Data will be input on a regular basis including financial commitments made by the school. Information will be input from and reconciled to the Local Authority's financial statements and school bank statements every month.

Appropriate use of the package and orderly filing procedures will ensure that all transactions are traceable.

Security passwords will be maintained on the computer and documentation will be kept in a secure location.

Regular backups will be made of the information held on the computer with the backups stored securely and separately from the computer.

16. Security of Stocks and Equipment

An inventory of stocks and equipment held in the school will be maintained and checked on an annual basis in accordance with the LMS Procedure Rules and the Local Authority's guidance.

The Governing Board will ensure appropriate and adequate insurance arrangements are in place to protect the school's assets and a copy of the policy document will be available for inspection.

A register will also be maintained of equipment removed from school for use off-site and when it was returned.

The Governing Board will authorise all write-offs and disposal of surplus stocks and equipment in accordance with LMS Procedure Rules.

When it is considered appropriate, the Governing Board will request and act upon the advice of a Crime Prevention Officer.

17. Petty Cash

The amount of cash in the school will be kept to a minimum and all monies and associated financial records kept in secure storage. Only staff authorised to do so will have access to petty cash.

There will be a limited use of petty cash. All gifts for employees will be met from staff donations and not petty cash.

18. Income

The Governing Board will implement a charging and remissions policy for school activities which will be made publicly available on the school website. Steps will be taken to ensure the early collection of income due and receipts issued and records will be kept in line with the LMS Procedure Rules.

The school will operate an online income collection system which has been approved for school use by the Local Authority and in line with the LMS Procedure Rules.

Except for debts related solely to Boarding, the writing off of debts will be undertaken in line with the LMS Procedure Rules, that is:

- a) For debts up to £250 in value, the school will seek the approval of the Governing Board
- b) For debts over £250, the approval of the Local Authority must be sought (further to the endorsement of the Governing Board to do so).

Debts related solely to Boarding may be written off at the discretion of the Governing Board.

19. VAT Returns

VAT returns will be made promptly and accurately using the computerised system in line with the Local Authority's deadlines.

20. Staffing

The Finance and Personnel Committee will be responsible for the Staff Pay Policy annually and will consider appointments, terminations, promotions and performance management as necessary.

21. Insurance

The Finance and Personnel Committee will make recommendations annually to the Governing Board as to the insurance requirements of the school. The recommendations will have regard to the minimum cover requirements of the Local Authority and to the costs of insurance services offered by the Local Authority, RPA and other providers.

The school will consider the additional "voluntary" insurance arrangements offered by the Local Authority (e.g. staff absence insurance, contents insurance).

The Finance and Personnel Committee will have due regard to the terms of the insurance documents and these will be considered on an annual basis.

The Governing Board will notify the Insurance and Risk Management Service of any eventuality that could affect the Local Authority's insurance arrangements.

22. Computer Systems

The school will maintain approved software for the administration of financial records.

The school has been registered in accordance with the Data Protection Act 1998. All data handling procedures undertaken by the school are in accordance with the Local Authority's recommended practices for data security and information governance.

23. Counter Fraud Arrangements

The school will maintain a robust system of controls to safeguard itself against fraudulent or improper use of public money and assets. The Governing Board will ensure that it has adopted a whistle-blowing policy and, along with the Headteacher, must inform all staff of all school policies and procedures related to fraud and theft, the controls in place to prevent them and the consequences of breaching these controls. This information must also be included in the induction of new school staff and Governors.

24. Audit

The systems for finance and administration will be subject to review from time to time by the Local Authority's Internal Audit Service provider and the County Council's external auditors. The Governors, Headteacher and staff will co-operate with auditors in accordance with the

requirements of the LMS Procedure Rules and will consider and implement their requirements in a timely manner.

Approved by Governors 20 November 2023
