

Y11 to A level PE Transition Work

Dear Student

We look forward to welcoming you in September, to help with the transition from Y11 into sixth form and ensure that you are well prepared for the A level PE course we have set some preparation tasks.

1. Introduction

Please email Mr Milner (Director of Sport) milnera@ripongrammar.com to introduce yourself, tell me which school you have studied at, what part of the A level course are you looking forward to and what is your best sport and current participation within it, school team, club team etc.

2. Everlearner

Following your introduction email you will be registered onto a learning platform called everlearner, this platform has video tutorials, practice question and checkpoint test questions. You will be set a small number of tasks to complete, note – these will have adequate deadlines and will include some prior learning with lots more information on the system included when we register you. PE staff will be available to answer any questions you may have via email or the in browser messenger.

3. Practical work booklet

30% of the A level PE course is non examined assessment, 15% is assessed by competing or coaching in one practical activity (from an approved list) and 15% is through an Evaluation and Analysis of Performance for Improvement (EAPI) task. Once you have emailed Mr Milner you will be sent a short work booklet to assist in your preparation for the EAPI task. Please complete this by our return to school and email Mr Milner with any questions.

4. PE Review

As a school we subscribe to the PE review, this is a review magazine that is aimed at A level students, it covers a large number of relevant topics and debates found in the A level course. You can normally find the magazine on the library sharepoint.

However, we have selected some of the most relevant articles that will be emailed to you alongside the work above. For each of these articles you should complete a spider diagram summarising the information. You should then select one of the articles from which you will prepare a short presentation (around 3 minutes) that you will present to the group when we return to school, you may like to include one other information source relevant to the topic area. Again any questions here please email Mr Milner.

5. Textbooks and reading materials

We will provide you with all the textbooks you require although we would recommend the approved revision guide that is available to purchase in school (once we are back in).

Look forward to hearing from you

Mr Milner – Director of Sport
