Training

Most training will take place on a residential training weekend and includes training in:

- *First Aid and Emergency Procedures*
- *Awareness of risk and Health & Safety*
- *Navigation and Route-planning*
- *Campcraft, Equipment and Hygiene*
- *Food and Cooking*
- *County, Highway & Water sports Codes*
- *Observation, Recording & Presentation*
- *Team-Building*
- *Proficiency in the mode of travel*

A couple of days training are scheduled to ensure that you have the practical skills and competences to allow you to undertake your practice expedition. A practice expedition and an assessed expedition will also be undertaken and you will be travelling unaccompanied with remote supervision (4 days / 3 nights at Gold). The Supervisors will be looking at your competence in navigation, camp craft and teamwork. They will need to be confident in your abilities to enable you to complete your final expedition safely. Should they feel you need extra training or supervision we will discuss this with you and arrange further opportunities for you to practice before your actual assessed expedition. The expeditions will include walking in open country and wild country areas, namely areas of the Yorkshire Dales, North York Moors or Lake District. Camping is generally at campsites, but sometimes campsites may only have a tap and cooking is by camping stove.

EXPEDITION COSTING

All prices are approximate, per person and based on seven people in each group (the maximum allowed by DofE) undertaking the expedition on foot.

A note of risk from the BMC - Participants, parents and guardians should recognise that adventurous outdoor sports are activities with a danger of personal injury or death. Participants in these activities should be aware of and accept these risks and be responsible for their own actions.
