Dear Parent/Guardian

June 2017

Second Year Geography Fieldtrip to the Holderness Coast on Friday 30th June 2017.

As part of the second year Geography course the students study the British Coastline; the uses of the coast, opportunities and threats. The biggest physical threat to the coastline is erosion and we would like students to visit two areas of the Holderness Coastline to gain understanding of the erosional processes shaping our coastline and the defences in place to protect the landscape. **The fieldtrip will take place on Friday 30th June 2017**.

You son/ daughter will be required to arrive at school at 8.30am for a prompt departure from the bus park at 8.45am. The students will then spend the day at the coast and will return to school at 5.30pm. I apologise for the inconvenience this may cause as you will need to arrange for the safe collection of your child, but as you can appreciate, there is some distance involved and we would like to make the most of this day trip for the students.

As the British weather can be unpredictable, we recommend that students wear comfortable clothes (no jeans) and bring a jumper and water proof jacket. Parts of the trip can be difficult under foot and therefore we request students wear walking boots or trainers. Your son/daughter will need to bring a packed lunch, drink and any medication that they will require in a small backpack.

The cost of the trip will be £6.50 per student and we ask that you return the permission slip and payment by **Friday 16**th **June 2017** to Mrs Grime in Room 16 during any break time. Our preferred method of payment is via Parent Pay.

Thank you very much in advance for your support in preparing your son/daughter for this Geography field trip. Please do not hesitate to contact me (wainwrightr@ripongrammar.co.uk) if you have any queries regarding the trip or any issues concerning payment.

Yours sincerely,

Mrs R Wainwright (Head of Geography) Trip leader
