AIM:

1. The framework within this policy should be operated in conjunction with both the LMS Scheme and the LMS Procedure Rules. It is based on the Council's recommended model.

- c) ensuring the effective operation of the finance function within the school, to include:
 - i. the roles of each member of staff being clearly defined and the duties of staff with responsibility for financial transactions being, as far as is practicable, distributed to ensure that key tasks such as the processing of orders and invoices, are assigned to separate members of staff (segregation of duties) and that appropriate systems of internal check exist;
 - ii. the adherence to the LMS Procedure Rules;
 - iii. the establishment of systems to ensure that financial control is maintained at all times including procedures in the absence of key staff; and
 - iv. the maintenance of appropriate documentation and transactional records.

7. The Director of Strategic Resources (DSO)

The DSO is responsible for:

- a. The preparation of any Capital Expenditure components of the School Budget (as outlined in Section 11 below)
- b. The budgetary implications of any planned / anticipated changes (including retendering / renegotiating) to any major contractual / 3rd party service providers with a current annual budget in excess of £20,000.
- c. The budgetary implications associated with the Lettings income assumptions included within the School Budget.

11. A copy of the school's most recent auditor's report will be available for inspection by Governors, OFSTED Inspectors and Officers of the Local Authority.

PECUNIARY AND OTHER BUSINESS INTERESTS

Register of Interests

12. Under the Schemes for Financing Local Authority Maintained Schools, School Governing Bodies are required to establish, and keep updated, a register that lists for each member of the Governing Body (including, as appropriate, Associate Members), the Headteacher and those other members of staff who can influence purchasing decisions, any business interests that they, their partner or any member of their immediate family have.

13. Governing bodies are under a duty to publish on the school website their register of interests. The information to be published should, as a minimum, include for each governor:

- their full name;

- date of appointment/date they stepped down;
- their category of governor;
- which body appoints them;
- their term of office;
- their attendance record at governing body/committee meetings over the last academic year;
- the names of any committees the governor serves on;
- details of any positions of responsibility such as chair or vice chair of the governing body or a committee of the governing body; and
- details of any relevant business interests they or any member of their immediate family have, any other educational establishments that they govern and any relationships with members of the school staff (spouses, partners or relatives).

This requirement also applies to associate members.

14. This register must include all business interests such as directorships, share holdings with a value in excess of £5,000 and other appointments of influence within a business or any other organisation that may have dealings with the school. The disclosures should also include business interests of partners or relatives who may have dealings with the school.

15. The Clerk to the Governing body should ensure that the register is kept up to date and complete and includes all governors, associate members and relevant staff. Where applicable, signed and dated nil returns should also be kept. It is good practice to review the register on an annual basis.

16. In addition, it is good practice for members of staff who can influence purchasing decisions to complete a register of their interests. This register should be maintained by the Headteacher.

17. The school must ensure there are adequate arrangements in place to manage related party transactions, as detailed in the Schools Financial Value Standard (SFVS). A related party transaction is one where a contract is awarded to a person or body that has close links to the person awarding the contract. In these circumstances effective systems will be implemented to ensure that open and transparent procedures are followed, and any potential conflicts of interest are adequately and appropriately managed. The school must submit a termly Related Party Transaction template to the Local Authority. In addition, a full year submission will also be required, covering the period 1st April to 31st March, to be returned as part of the SFVS submission. The Local Authority have produced some best practice guidance that schools can refer to. *(Schools may wish to include details of the process which will be implemented including reporting arrangements).*

BUDGET

18. Aims and Objectives

The Finance & Personnel Committee together with the Headteacher will consider and provide costing information both for maintaining the required level of educational provision as well as proposals to develop the short, medium and long term aims and objectives as identified in the School Development Plan.

Such consideration will include the determination of an appropriate level of general contingency and the formulation of a policy for the application of any balances in excess of the agreed target for general contingencies on the development proposals within the School Development Plan.

It is recognised that finite resources will lead to a need to prioritise proposals and to accelerate/delay spending plans as circumstances change.

19. **Budget Timetable**

The Headteacher (or their delegated representative) will prepare financial information for consideration by the Finance & Personnel Committee and submit it to the Local Authority, where applicable, in line with the following timetable:

| Date | Action / Response |
|--|--|

| By December 31 st | Submit the approved revised budget to the Local Authority |

20. **Deficit Budget**

The Governing Board will not submit a deficit budget unless there are exceptional circumstances and advice and written agreement have been received from representatives of the Local Authority bearing in mind that deficits require the prior approval of the Corporate Director – Strategic Resources and the Corporate Director – Children and Young People's Service.

21. **Budget Monitoring Reports**

Budget monitoring reports will be considered by the Finance & Personnel Committee at least once a term with a brief report to the Full Governing Board. Reports will reflect both sums paid and sums committed but not yet paid and estimated expenditure and income for the remainder of the financial year against approved budget headings and will be reconciled to the Local Authority's ORACLE statements and school bank statements. To meet the requirements of the Schools Financial Value Standard (SFVS) Governors will receive 6 budget monitoring reports per year, with the opportunity for the Governing Body to raise questions 3 times per year.

22. Efficiency & Value for Money

The School will seek to achieve efficiencies and value for money to optimise the use of its financial resources and to invest in teaching and learning. It is the responsibility of the Headteacher and Governing Board to determine at school level how to secure better value for money.

23. Financial Benchmarking

The Headteacher (or their representative) will prepare for consideration by the Finance & Personnel Committee financial benchmarking comparisons on an annual basis each Autumn Term. The benchmarking data will be extracted for similar schools from either the local financial benchmarking database for North Yorkshire schools or the national DfE financial benchmarking database. The conclusions and recommendations resulting from this process will be used to inform the financial planning and resource allocation process. The school must publish a link on their website to the DfE schools financial benchmarking service.

24. Review of Contracts for Services

The Finance & Personnel Committee will review the quality, cost and impacts of services purchased from external providers (including the Local Authority) on a regular basis **and** before contracts are renewed. To assist in this process the Headteacher or their representative will prepare a schedule of service contracts to include values and renewal dates in order that priorities for review can be determined. After each review the Finance & Personnel Committee will make recommendations to the Governing Board.

25. Standards of Financial Management

The Governing Body will have regard to any Standards of Financial Management endorsed by the DfE to self-evaluate the quality of financial management processes and to aid in training staff to become better financial managers.

26. Level of Balances

The Finance & Personnel Committee will annually review the balances situation of the school and make recommendations to the Governing Board. In making its recommendations, the Finance & Personnel Committee will indicate an optimum level of balances which has regard to the specific issues facing the school whilst acknowledging that financial resources are allocated to schools annually on the number of pupils in the school at that time.

The Finance & Personnel Committee will have regard to any balance limits placed on schools by the Local Authority and DfE.

27. **Virement Procedures**

Unless the level of change does not warrant it the budget will be revised each Autumn Term and the Finance & Personnel Committee will be able to vire funds between budget headings within the school's overall budget (with the exception of any earmarked funds) or from unallocated resources as appropriate.

Requests by the Headteacher for the further virement of funds outside the scope of the Scheme of Delegation to the Headteacher will also be considered by the Finance & Personnel Committee and be subject to their minuted approval.

28. **Quality of Information**

Governors expect that the financial information they receive will be relevant, timely, reliable and understandable.

29. **Extended Activities**

The Governing Body will discuss, decide and minute their intention to use school budget funding to support the provision of extended school activities.

The following extended school activities are provided by the school:

- The co-curricular programme of lunchtime and after-school activities and additional evening and weekend activities for boarders.
- Lettings of various facilities in accordance with the school's letting policy and charges. These lettings are to generate additional income and also for the benefit of the school, its students and to ensure good links with local and wider community.

30. **Capital Expenditure**

The Finance & Personnel Committee will consider the use of the devolved capital allocations available to the school in the light of the priorities identified in the School Development Plan and then make recommendations to the Governing Body.

The School will submit a Project Proposal Form in order to seek the Local Authority's consent for any proposed building work, irrespective of the funding source, as per the LMS Procedure Rules.

31. **Documentation and Retention of Records**

All financial systems and procedures carried out will be in accordance with the Local Authority's LMS Procedure Rules, Scheme of Delegation to the Headteacher and the School Finance Manual. A copy of these documents will be readily available and kept up to date.

All records will be retained in line with the Local Authority's Records Retention and Destruction Schedule for Schools.

32. **Purchasing**

Before any purchase is made, consideration will be given to any potential economies of scale to be had through use of Local Authority negotiated corporate contracts.

Information available from the North Yorkshire Procurement Service for Schools will be given due consideration.

Where possible the school will consider a Department for Education approved framework when purchasing goods or services. The framework details quality-checked suppliers, encouraging value for money and complying with buying procedures and procurement law. This service replaces 'Deals for Schools.'

Consideration will be given to obtaining quotations for all purchases in order to ensure that Value for Money is achieved. The below information has been taken directly from the LMS Procurement and Contract Procedure Rules (March 2025).

QUOTATION & BEST VALUE PROCESSES

33. Single Quotation Process

a. Where the estimated value of a Contract is less than or equal to £5,000 excluding VAT (taking into account the whole life cost of the Contract, including extensions and/or variations) a single quote can be obtained.

b. A single quote cannot be accepted where the value exceeds £5,000 excluding VAT. If the value of the quote exceeds £5,000 excluding VAT three quotes must be obtained or the best value process completed in accordance with Rules 8.3 to 8.8.

34. Minimum Three Quotes and Best Value Process

a. Where the estimated value of a Contract is above £5,000 excluding VAT, and less than or equal to £30,000 including VAT (taking into account the whole life cost of the Contract including extensions and/or variations) a minimum of three quotes should be sought.

b. A minimum of one quote must be from a Small and Medium Enterprise (SME), Voluntary, Community or Social Enterprise (VCSE) or local supplier based within North Yorkshire, unless this is not possible due to the nature of the market.

c. It is the Responsible Officer's responsibility to keep a record of quotes sought for audit purposes and to demonstrate best value has been achieved.

d. Under exceptional circumstances, the Contract may be directly awarded using the best value process as long as sufficient justification is given for not undertaking a competitive quotes process. It is the Officer's responsibility to complete the Best Value Process Form which captures the rationale for not seeking a minimum of three quotes and captures the outcome of the process as a record.

e. A minimum three quotes or best value process cannot be accepted where the value exceeds £30,000 including VAT. If the value exceeds £30,000 including VAT for this process the bid process must be followed in accordance with Rule 9.

f. All contracts entered into via this process will be published on the School's contract register. The responsible officer will notify the Headteacher of any contract awarded above £5,000 (excluding VAT).

35. Exceptions to the Quotation / Best Value Process

a. The quotation or best value processes does not need to be followed in the following circumstances:

(1) Purchases via a public contract which has been established either by the School or by another public sector body or consortia (including, but not limited to Centralised Procurement Authorities) and where such arrangements are lawfully accessible to the School; or

(2) The instruction of Counsel by the Monitoring Officer; or

(3) Where funding is received by the School, either in its own right or as an accountable body, and the terms of such grant or other external funding state that it must be applied in accordance with those terms when entering into a contract.

b. The Responsible Officer will be responsible for Headteacher of any exemptions used in Rule 8.9. The requirement to publish a record on contracts register will still apply to exemptions.

36. Bid Process

a. If the estimated value of a contract exceeds £30,000 inclusive of VAT but is less than the appropriate Threshold Amounts, bids must be invited from all potential Suppliers.

b. A bid cannot be accepted where the value meets or exceeds the relevant Threshold Amount. If the value of the bid meets or exceeds the relevant Threshold Amounts the tender process must be followed in accordance with Rule 10.

c. Full details of the bid process can be found in the LMS Procedure rules – Procurement and Contract Procedure rules on the cypsinfo website link below.

The school will consider the additional “voluntary” insurance arrangements offered by the Local Authority and RPA (i.e. staff absence insurance).

The Finance & Personnel Committee will have due regard to the terms of the insurance or RPA cover documents and these will be considered on an annual basis.

The Governing Board will notify the Insurance and Risk Management Service of any eventuality that could affect the Local Authority’s insurance arrangements.

47. Counter Fraud Arrangements

The school will maintain a robust system of controls to safeguard itself against fraudulent or improper use of public money and assets. The Governing Board will ensure that it has adopted a whistle-blowing policy and, along with the Headteacher, must inform all staff of all school policies and procedures related to fraud and theft, the controls in place to prevent them and the consequences of breaching these controls. This information must also be included in the induction of new school staff and Governors.

48. Audit
