Are you an enthusiastic teacher and keen to nurture and inspire young minds? Are you keen to develop your career in the top performing maintained school in the North of England? Are you seeking a friendly and supportive environment where professional development is given a high priority?

In the MFL team are excited about language learning and believe that all RGS students can learn to communicate in two modern languages. We take a communicative approach, so that learners can understand the spoken and written word and respond. Our vision for learning goes beyond qualifications; we seek to create language learners who understand other people and can communicate cross-culturally. We believe that learning other languages helps our students to learn outside of their comfort zone and to see the world differently. Language-learning simultaneously builds resilience and academic independence.
