I would like to join the Ripon Grammar School DofE Unit because:

(maximum 50 words)

Idea for Skill section	Idea for Volunteering section	Idea for Physical section

Bronze: 3 months for each section plus choose one section to do for a further 3 months
Gold: Volunteering section: 12-18 months; Physical and Skills sections: One section for 12-18 months and the other section for 6 months (plus a self-funded residential week)

Many participants use an activity they are already involved with, and it's absolutely fine to do that using the start date as your registration with DofE. Or use your imagination to choose something different that will create challenge and help you develop new skills.

Remember: You will need to ask a qualified person to write a short assessors report at the end of each section. This will be using either a special card from the Welcome Pack, or most easily using an electronic link <https://www.dofe.org/assessor/>. A qualified person could be your swimming teacher, the charity shop manager, your piano teacher, or the Cub Scout Leader.
