Leicester Space Centre – Educational Visit

Dear Parent/Guardian

I am writing to advise you of an upcoming school trip to Leicester Space Centre.

The trip is open to current GCSE Astronomers and A2 Physicists.

The trip is now planned for **Thursday 9th December 2021 (due to a clash of the original date with the Space Centre and another school), leaving school at 7:40 am and returning at approximately 5.15pm** dependent on traffic.

The cost of the trip is £28 to cover the entrance fee at the Space Centre, a planetarium show and the coach transportation.

Students will require a packed lunch or lunch money for the cafe (approx. £7.50). There is also a souvenir shop.

If you are happy for your son/daughter to attend the trip in support of their GCSE in Astronomy or A-Level in Physics, please acknowledge this **via Parent Pay** when you pay your deposit.

As you will appreciate, a deposit of £10 by Monday 15th November is necessary to confirm our booking and to secure the coach on the available date, with the remaining £18 payable by the 8th December.

If for any reason you are worried about the cost of the trip, please do not hesitate to contact me. The trip has been cancelled for the past two years due to covid restrictions and so the now re-opened space center will offer a welcome educational experience beyond the normal classroom environment for our budding astrophysicists!

Yours sincerely

Mr M Barker
Teacher of Physics & Astronomy
Ripon Grammar School
