

Ripon Grammar School

15 September 2023

Dear Parents,

A-Level Business Studies Visit to Cummins Engine Plant, Darlington 5 October

I was recently asked by Mr Demir (Head of Business Studies and Economics) to organise a visit to a major manufacturing facility to help Upper Sixth A-Level Business Studies students with their preparations for their examination in the summer.

I am pleased to inform you that I have now arranged for your daughter/son to visit Cummins' Darlington manufacturing facility on Thursday 5th October. We will be leaving school at 9am and returning to school by 3.45pm. Students should wear school uniform and bring with them a drink, a packed lunch and any medication they may need..

As part of the day, they will have the opportunity to see, first-hand, engine manufacturing and also the chance to meet several Head of Department to see how the factory is run and organised. In addition to this, they will have a glimpse into Cummins' future with a talk about Hydrogen Fuel Cells and the Hydrogen plant currenting being built on the site.

You will receive an email via Evolve to grant consent for son/daughter to attend.

Yours sincerely,

Bob Walker

Head of Careers
