Year 11 Parents GCSE Information Evening - Monday 18 September 6:30pm

Dear Parents/Guardians

On Monday 18 September 2023, we will be hosting a Year 11 Parents GCSE Information Evening. We would like to give our Year 11 parents and carers the opportunity to join us for an information evening focused on supporting your children to achieve their full potential in their final GCSE year. We believe that working together; students, parents and school, will help our students to achieve excellent results this summer. We want to make sure you have all the most up-to-date information to successfully support them at home.

We recognise that many parents will have supported older children through this process before and that many of our students are already handling the pressures and challenges of revision and exam preparation with great maturity and organisation. However, we also recognise that some students will have been disappointed with their Y10 mock examination results last year and that parents will be eager to support them in ensuring that their preparations for the Y11 mock examinations are more successful.

If you feel that this evening would be of benefit, please come along and join us to find out more about how best to support your child in these final, crucial months of Year 11. Mr Webb, headmaster, and members of the Senior Leadership Team will also be present to answer any queries you may.

The session will cover:

- Information about what qualifications are offered, the exam boards and papers
- Overview of the range of support offered within school
- Guidance on how to support students' exam preparation – practical tips, advice, techniques and strategies to enable parents and carers to support students with workload, revision and mental wellbeing over the coming months.

We would therefore like to warmly invite you to join us in the **School Hall** between **6:30pm** and **7:30pm** on **18 September**. If you are unable to come, but would like to make contact with your child's form tutor or myself, please do not hesitate to contact us via email: hoy11@ripongrammar.com

We look forward to seeing you.
