10th May 2023

Visit to the Deep (First Form)

Dear Parent/Guardian,

As part of your child's first year science course we are offering the opportunity for them to view an aquarium and to research organisms in relation to module 7.3, called 'Ecosystems'. This module includes classification, variation, food chains and webs, adaptations and habitats.

To support their learning we will be taking them on a visit to 'The Deep', which is Europe's only submerium, in Hull on **Thursday 29th June 2023**. We will be leaving school at **9.00 am** and we will ensure that students are returned in time to catch buses at the end of the school day. Students will need to bring with them a small bag (there will be no bag storage), a packed lunch (no nuts please) and a pencil case. They may wish to bring a small amount of money as there is a shop from which to buy a souvenir but there will **not** be a chance to buy any food from the café. Smart casual clothes and comfortable shoes should also be worn, and it is asked that crop tops are not worn please.

Parents/Guardians are requested to provide consent for their child to attend the trip by paying a voluntary contribution of **£24.50 using ParentPay no later than 2nd June 2023**. The trip will be cancelled if insufficient funds are collected.

Yours faithfully,
Miss E Green

(Teacher of Science)
